Tel Nos. 011-23716038, 23717339, Website: <https://loksabhadocs.nic.in/ICPS/>

\*\*\*\*\*

The Institute of Constitutional and Parliamentary Studies (ICPS) is a premier research institute. It is headed by the Hon'ble Speaker, Lok Sabha who is ex-officio President of the Institute. The Institute was formally inaugurated on 10 December 1965 by the then President of India and Chief Patron of the Institute (late) Dr. S. Radhakrishnan in the Central Hall of Parliament House, New Delhi. The Institute was created with the objective of organizing academic, research and training programmes in the fields of constitutional and parliamentary studies and thereby to serve as an amalgam of an advanced research center in the twin fields as well as a vehicle for popular dissemination of democratic values. Thus, it provides a bridge between the statesmen, academicians, researchers and the others working in this field.

### **Online Workshop on Cyber Security and Data Protection: Empowering Youth for a Secure Digital Future**

#### **Introduction:**

In an era defined by digital transformation and online connectivity, the youth of today represent both the future and the most vulnerable demographic when it comes to cyber security threats. As young individuals increasingly engage in online activities, understanding the importance of cyber security and data protection is paramount. To address this vital need, Institute for Constitution and Parliamentary Studies is presenting an Online Workshop on Cyber security and Data Protection, specifically tailored to empower youth with the knowledge and skills to navigate the digital world securely.

#### **Objectives:**

- To raise awareness among youth about the significance of cyber security.
- To provide practical insights into safeguarding personal information and online presence.
- To equip young participants with tools and knowledge to protect themselves from cyber threats.
- To foster a sense of responsibility and digital citizenship among youth.

#### **Key Topics to be Covered:**

- Introduction to Cyber security
- Cyber Threats Faced by Youth
- Data Privacy and Social Media Safety
- Safe Online Practices
- Recognizing and Reporting Cyber-bullying
- Securing Personal Devices
- Cyber security Career Opportunities
